

H. E. HORNE TO SUE PROMOTORS FOR LIBEL

PLANTATION MANAGER IS
SAID TO BE AFTER THEMFor Charges Made
in Meeting

CLAIMS THEM CRIMINAL

Friends of Plaintiff Say
Seiler Left Trouble
in Mexico

Sensational developments in the Mexican Plantation scandal are to follow closely upon the heels of the examination under 4096 (the discovery statute), a method of adducing evidence upon which to base a complaint of the frauds alleged to have been perpetrated in the organization of the company and the flotation of its stocks.

It is said upon good authority that H. E. Horne has already made complaint in a libel suit involving Charles E. Seiler, spokesman of the promoters, the Funk interests, and all who have been parties to the alleged counter charges of fraud against Horne and possibly some of his associates.

The nature of the counter charges complained of in the suit for libel has not been made public. It is said that none but directors are familiar with the facts, as the allegations of Mr. Seiler were made in a directors' meeting and as a business confidence. Their complete publication as a letter directed to the stockholders, is anticipated.

Mr. Horne claims that these charges are malicious and criminally libelous, and are based entirely upon hearsay and gossip; he says that not one of them is supported by evidence, and that the worst feature of the attack against him is the apparent malice of disseminating damaging stories of which rumor and trumped-up gossip is the only support.

Friends of the plaintiffs are said to be authority for the statement that Mr. Seiler left Mexico while free on his own recognizance after forceful detention in a civil matter. This allegation carries little weight, however, as in Mexico the law allows detention in civil cases of debt, etc., even when the debt is in dispute and of a petty nature. If true, it cannot be accepted as a reflection on Mr. Seiler.

There are said to be more charges and counter charges ripe for exploitation, and it is expected that the affairs of the Mexican Plantation company will furnish reading for the curious sufficiently exciting to entertain them for months to come.

Charge Attempt to
"Freeze Out"

PLAINTIFFS BEHIND IT

Stockholders, However are
Said to be Protected
in Note Matter

Charges of an attempt to freeze out the smaller stockholders in the Mexican Plantation company, by the plaintiffs in the suits recently instituted, are being whispered about the city.

The allegations of fraud is based upon a default judgment obtained by Horne against the directors. It was obtained upon an indorsed note, and was paid by some of the directors, the company being unable to meet it. The amount of the judgment was \$10,300.

Arguing from this action, friends of the defendants say, it is asserted that this is a scheme of the plaintiffs to secure possession of the property and freeze out the small stockholders.

The answer to this charge is said to be that the stockholders are protected by the action, and not defrauded. The indorsers paid the note, and secured judgment against the company after paying it and accepting an assignment of it for their own protection. This will involve another suit to collect, in which the assets of the company will be sought. The stockholders not being personally liable, and the corporation having no available assets, it is contended that they lost nothing, and that to them was afforded the advantage of securing a final adjudication of the whole matter.

SMOOT SHOWN
NO MERCY

WASHINGTON, June 11.—"In the judgment of the committee Smoot is no more entitled to a seat in the senate than if he were associating in polygamous cohabitation with a plurality of wives."

This is the statement made in the course of the report of the majority of the senate committee on privileges and elections, presented to the senate today by Burrows, after an investigation lasting over two years.

The committee says: "The more deliberately the testimony taken in the case is studied the more certain is the conclusion that the facts are true as stated in the report."

Whyte, the new Maryland senator, took his oath this morning.

When minority and majority reports of the Smoot case were presented Burrows gave notice that he would soon call up a resolution declaring Smoot not entitled to a seat.

Bailey said that although he agreed with the committee he thought it necessary to pass a resolution of expulsion.

The rate bill will come up in the house tomorrow.

POLICE TO REMOVE
POLE ADVERTISINGAnd Some Businessmen Be-
lieve Law on Poles
Should be Enforced

Chief Byrne has instructed his force to begin stripping all paper dodgers and tin tags bearing advertising from the telegraph poles in the city.

This action follows the passage of an ordinance instructing that it be done, and a direct expression from the city council calling for the enforcement of the act.

There was some comment in the city today among businessmen who have employed this method of advertising, many of them expressing the opinion that if the council is to insist on the removal of the advertising placed on these poles because it is illegal to place advertising there, it should show equal anxiety to have the poles themselves removed because they say the existence of the poles is equally illegal.

Discussing the matter today, Chief Byrne said that the reason for removing the old advertisements was that so long as they remained, there was no method of telling when new violations of the law were committed. With the old stuff removed, every new "ad" will be absolutely known as a violation.

AID SUFFERERSHenry Boehm Describes his
Automobile Trip in Cy-
clone Area

It is likely that a subscription for the aid of the destitute farmers in the path of the cyclone that assailed south of this city, last week will be taken in La Crosse.

After a Sunday run, with friends, in his automobile, Henry N. Boehm made the suggestion this morning that there was dire need of assistance.

"We are too apt to send aid to India and Martinique," said Mr. Boehm, "and too much inclined to forget misfortunes nearer home. I rode through a valley yesterday where where death had been, and want and destruction was in its wake. We saw houses absolutely demolished, farms bereft of shelter for even the cattle, crops destroyed and cattle lost or maimed."

"One farmer told me that he and his family of five were sitting down to supper when the storm struck. They noticed the sudden darkness, but before it occurred to them to shut the windows or seek shelter, there was a roar and a shriek of the elements and they were scattered about the lawn, while the house was lifted from them and blown a distance of hundreds of feet. Their barns and other out buildings were wiped out."

Last Saturday a farmer came to La Crosse with a broken legged calf, which he said was the one article of value left to him. As many of these farmers were not wealthy, the suggestion of aid is expected to meet with approval.

There was a strike at the Stoddard today. The dining room girls walked out in a "bunch." Enough of the "bunch" is said to have returned so that the hotel was not crippled, and no violence was indulged in by the pretty strikers. Neither were strike-breakers imported to relieve the situation.

A short while before dinner today, the strikers were observed in the alley at the rear of the building. The firemen were all there too. Some of them were parading the alley with the fair disturbers, while bats and balls were in evidence, indicating that the war of wages was about to be resolved into an indoor baseball game, a customary sight in the alley court. It is understood that the "strike" is the outgrowth of no particular dissatisfaction, but results from the usual clamor from watering places and pleasure resorts for summer help, at naturally higher wages and transportation.

INEVITABLE OLSON
IS JUGGED AGAIN

Olaf Olson, the inevitable, was up in county court today and received the usual vagrancy sentence; he drew forty-five days in the county jail. "Let's see," said the reporter, "that is the 746—." "I don't recall the exact number of sentences," interrupted Judge Brindley, "but he has been sentenced as often as he could regain his liberty for the past twenty-six years to my knowledge."

MYSTERY OF "BLACK" CAMERON

Authorities Arrest him for Vagrancy
 but Cannot Explain his Case

"His name is William Cameron," said Judge Brindley with a puzzled look, as Officer McGrath led a swarthy individual out of the county court and back to the local "tomb."

"Black Cameron," he is known as among the officers. He is a marked individual among the police of La Crosse, and they are as puzzled as is Judge Brindley. Cameron was arrested after spending a day or two in a barn near Medary, and was arraigned for vagrancy. He pleaded not guilty, and will be tried in county court at 2 o'clock Monday afternoon.

"Black Cameron" has no criminal record, yet he is a constant annoyance to the authorities. He roams up and down the Mississippi, always without employment, habitually sleeping in barns and out houses. He has never committed an offense.

But whenever there is an event in La Crosse "Black Cameron" is here. Why? For months and years the officers have been "laying for him," but his graft remains a sealed book.

Circus days and convention days, without fail, it has been a routine duty to hustle him across the bridge into Minnesota. If he is a "dip" artist, he has not been detected; if he is a porch climber he has not been caught; if he is a sneak thief, he has always made his "getaway."

But like the famous cat, he "comes back" with every gala day, and as a last resort the "vag" law has been trotted out in the hopes that "Black Cameron" may be eliminated from the community.

AT THE THEATRES

If press reporters from other cities on the circuit that furnishes talent for the Bijou in La Crosse can be relied upon the new show opening today at this popular house bids fair to rival the excellent bill for the week past. Charley Harris, the man who claims to have made a million people laugh during his career as an entertainer, will produce his laugh provoking skit, the Inspector and the Maid and in so doing will sing some very good songs and tell some very funny stories. Mlle. Aline, that charming beauty, will give an exhibition of her skill as a hoop roller and manipulator. This act has been a hit all through the east and her work is said to be marvelous. Mounts and del Mar have a high class singing and talking act that is second to none and will undoubtedly be big favorites. Lewis and Lessington have a spectacular comedy act entitled Seth Spinner's Troubles for which they carry special scenery and will be one of the big drawing cards. Jack O'Toole has a new ballad, "Will You Love Me in December as You Do in

May" that will please everyone as is usually the case with "Jack's" singing. On the Edison machine the new pictures are "A Father's Vengeance," "Chase of the Gypsies" and the "Incendiary," all new imported films and the best every produced in this section of the country. Such a collection of rare talent should please the most critical. The usual daily matinee prevail.

KABAT'S DEFENSE OPENS TODAY

APPLETON, Wis., June 11.—That the prison doors are yearning for Wenzel E. Kabat is the belief of all those who have closely followed the murder trial. Kabat, however, has regained his former cold, indifferent manner.

The defense opened this morning. It is believed the attorneys will admit that the bones found were those of a human being, but will hold that the state must prove that they are McCarthy's. Testimony will be introduced to show that McCarthy had enemies, that he quarreled and that he had a bad character. An effort will be made to convince the jury that he was done away, if he is dead, by an enemy, who took the bones to the farm.

The evidence of the past week shows that Kabat was seen by a number of people keeping the fires going for two days. Bones were found buried with the ashes of the fire; a button from McCarthy's coat and a buckle to a belt worn by him were found in the ashes; the axe used on the premises, which Kabat claimed he had purchased, had blood stains on it; he forged signatures of warranty deeds and bills of sale.

DANISH BAPTISTS IN CONVENTION

Wisconsin Annual to be Held at Halfway Church June 13 to 17

The Wisconsin Danish-Norwegian Baptist annual convention will take place at the Halfway creek Baptist church from the 13th to 17th of June. A minister's meeting will be held in connection with the convention on the 12th and 13th.

Following the convention, on Sunday June 17th, the church will celebrate its fortieth anniversary.

Some of the speakers at the convention will be Profs. Gunderson and Olson from Chicago, Rev. D. W. Hulbert, D. D., Sunday school missionary and State Missionary Rev. E. L. Myrland. A number of others from

neighboring towns will also speak. The program at the fortieth anniversary will begin at 10:30 a. m. The main speaker will be Prof. Gunderson who will speak in the forenoon. Among the other speakers of the day will be Prof. Olson, Rev. Myrland and Rev. Finwall.

OSHKOSH ST. CAR FIGHT IS HOT

OSHKOSH, Wis., June 11.—An unusual incident marked the laying of tracks by the Eastern Wisconsin Railway and Light company on lower Main street. Contractor Rasmussen, with a crew of men, acting with the assistant city engineer, was engaged in laying the rails when an officer served an injunction restraining him from proceeding with the work. A complaint had been made by owners of abutting property that their property was damaged.

The track is being laid after a long fight between the Winnebago Traction company and the Fond du Lac company, in which the former was beaten. The men were immediately taken off the work and sent to a point nearer the bridge. Property owners, however, informed City Attorney Cowling, and he went to the scene. He learned of the injunction, and immediately asked for the loan of the large number of men from the contractor. This was allowed, and the city engineer was sent for. The men were discharged by the contractor and placed upon the pay roll of the city, and City Attorney Cowling remained on an embankment directing

the work until the last spike was driven.

It is publicly charged that the Winnebago Traction company is back of the injunction. R. H. Hackett, president of the Oshkosh company, signed the bond in both cases, and the company's counsel is said to have prepared the papers. City Attorney Cowling was threatened with imprisonment by Manager E. B. Kirk of the Winnebago Traction company for taking the law into his own hands, but his defense was that the city had a right to lay the track, and according to an order from Judge Burnell he ignored the injunction suit against the Fond du Lac company.

ODD FELLOWS OFFICERS

SHEBOYGAN Wis., June 11.—The Odd Fellows' convention adjourned yesterday after selecting Superior as the next convention city over Milwaukee.

Retiring Grand Master C. W. Staples installed the officers who were elected yesterday and the following appointed officers yesterday afternoon at Concordia hall; Marshal A. DROWNS WHILE CALLING A "DARE"

NEW RICHMOND, Wis., June 11.—Garrett Geurkink, a young high school student of Baldwin, was drowned Thursday afternoon in the waters of the creek at Mile Trestle, one mile west of Baldwin.

The tragedy occurred shortly before 5 o'clock, young Geurkink with a number of his schoolmates having gone out to the creek to swim. He, however, could not swim, and it was due to going out into the water beyond his depth that he lost his life.

One of his companions who had gone in ahead of him dared him to follow. He took the dare, went beyond his depth and a minute later was lost. Another of his companions who stood on the shore of the stream, made an heroic effort to rescue him, but his strength was unequal to the task.

ST. OLAF STUDENTS COME SATURDAY

The St. Olaf college student band of 50 pieces, which is going on a tour of Norway this summer, will play at La Crosse next Saturday evening, June 16th, in Germania hall. The band is booked to leave for Europe on Thursday, June 21st, and will go from here to Chicago where a concert is scheduled at Thomas' orchestra hall the following Monday.

President Kildahl of the St. Olaf college goes with the boys and Mr. F. Melius Christianson is the director.

Mr. Harry Randall, the business manager, visited Norway during the past winter and arranged for 124 concerts to be played there during July, opening in Christiania on the 4th.

The band will play before King Haakon and Queen Maud and during their trip around the coast will also meet and play for the benefit of the German Emperor, who is to spend the month of July in the Sognefjord on board the imperial yacht Hohenzollern.

The farewell concert at Minneapolis was played last Thursday at the auditorium and the papers speak of the band as one of the best that has ever played in the city.

This is the first time that an American amateur band has gone on a concert tour to Europe and they would probably not attempted this ambitious scheme unless the Norwegian student chorus of last season had heard them and encouraged them to come on a visit to the mother country, after they had heard the boys play at Northfield. Tickets at 50c and 75c will be on sale at Belloc's drug store.

NEXT FRIDAY IS VISITING DAY

Next Friday afternoon business men of the city will visit the Gurd Brewery and the plant of the La Crosse Threshing Machine company under the auspices of the Manufacturers' & Jobbers' Union.

Special cars will leave Fourth and Main streets at 3 p. m. and it is desired that a large delegation be present to make the trip of inspection.

Much success has attended these trips and the eyes of La Crosse business men have been opened to things they never knew existed in La Crosse.

RUNAWAY LIVENS UP THINGS FOR A WHILE

Perhaps one of the most exciting runaways which has been witnessed on the north side for some time took place Saturday afternoon when the delivery horse of L. E. Lavaque, driven by Neils Rued, became frightened at the puffing of an engine at the Hagar street crossing and ran up Rose.

Soon after the animal started the shafts broken and it was then impossible for the driver to manage the horse. He was finally thrown from the wagon after he had clung desperately to the reins for some distance.

When the horse rounded the corner of Rose and Hagar street it missed a carriage occupied by George Oeltjendier by a few inches. When he horse neared the grocery store where he might have stopped a boy ran out and scared him against the walk in front of the store, where a wheel belonging to I. Strauss was standing. The wagon struck this and took it along with it for some distance entirely demolishing it. Fortunately no one was injured although the driver and Mr. Oeltjendier had a very narrow escape.

sand dollars. In a suit to recover the same in the New York federal courts judgment was rendered against Neely for \$45,000.

Neely, before accepting the position in Cuba, was interested with Cowan in the printing business here. Cowan had given Neely a note for about \$4,500 for his share in the establishment. The note was taken over by the government in part payment of the judgment against Neely. When the note became due the government secured it by a chattel mortgage on the Cowan property. A portion of the note has been paid, but there still remains a balance of \$4,300.

Brutality by a Policeman

Seatonville, Ill., June 11. — Policeman Dominick Rochetti, an Italian, brutally beat to death Frank Delatre, a French coal miner of this town. The officer had a slight difficulty with the little Frenchman, who then went into his house. He soon appeared at the door armed and prepared to do battle with Rochetti. Delatre's eight little children were playing about in the yard and one of them ran up to the officer and told him not to get scared of the gun, as it was no good and was not loaded.

When the policeman learned this he wrested the weapon from Delatre and with the gun barrel as a club beat the man's brains out in the presence of the children. Rochetti was at once placed under arrest and taken to Princeton and locked up to be tried on the charge of murder.

THE BAD TALK ELEMENT.

The crowd was there yesterday. The grandstand was filled to overflowing with appreciative people. La Crosse won in what many people say was the most perfect performance ever offered the fans in La Crosse.

That is what we have been saying. Support the team, and the team we have can win. The grandstand, by its encouragement, helps to play the game. The team, and the crowd, won yesterday's game.

Yes, it was a perfect game, all but— There was the too usual rowdy talk; it got so coarse yesterday that a muscular spectator, in the absence of active authorities, silenced the bad talk by "declaring himself."

This is one thing that the directors of the club should attend to at once. We are all boosting and praying for larger attendance, and it is an unfortunate fact that rowdyism in the grand stand is keeping away people whose love of baseball cannot overcome their aversion to vile expressions. Men will take their wives to the games only when they know they will not be forced to listen to vulgar talk. There has been too much of this. To call a player a "big dub," should be the limit of license permitted "rooters." To swear and use filthy invectives in the presence of women is an indecent words fail to properly characterize.

"Gently but firmly," etc., we assert that this is up to the management. When a man swears he does it quickly, and for that once the harm is done. But he might be told not to do it again, and if he repeats the offense an athletic guard might throw a "hammer lock" into him, raise his right foot to a back view of the fellow's specific gravity, and with a forward and upward movement urge the party to retire from the presence of those so sensitive as to regard him and his uncouth wit as an intrusion. In other words, burly bouncers should be stationed in the grand stand, with instructions to eject persons who make themselves obnoxious to sensible women and decent men.

This, understand, is not a criticism of the management. The need is a growing one, and is undoubtedly beginning to receive official recognition. Given the leeway that reasonable and cultivated citizens are entitled to, some people who are neither have grown stronger and "stronger" until their suppression or entire elimination is demanded. Were one or two more of these parties permanently barred from the park as a horrible example, there would doubtless be an instant return of decorum and an atmosphere of refinement would again pervade the bleachers. Culture is not exclusive of enthusiasm and dignity and legitimate diction need not destroy the efficiency of the "rooter."

TRUST PROSPERITY.

The fourth annual report of the United States Steel corporation—better known as the steel trust—as made public Friday last, shows the condition of that gigantic aggregation of capitalized tariff to be even more prosperous than had been expected.

Reducing all figures to round numbers, the trust's gross earnings for the year were \$585,000,000—a gain of \$140,000,000 over the previous year. The net earnings were \$120,000,000—a gain of \$47,000,000.

The balance "available for dividends" was \$69,000,000—a gain of \$39,000,000.

The surplus, after deducting \$26,000,000 for additions and improvements, was \$17,000,000, making a total cash surplus now on hand of \$85,000,000.

This is the fruit of FOUR YEARS of the steel trust, and trust steel. The actual cash valuation of all the properties of the trust, as given by Byron W. Holt, the industrial expert, and corroborated by John Moody in his work on the American trusts, is little if any above \$300,000,000. The remainder of its billion dollar capitalization is water and tariff protection.

Two-thirds of the profits of the steel trust, therefore, are PROFITS

"THE IRISH WEAR THE BLUE."

Dedicated to HUGH H. BYRNES, Chief of Police, La Crosse, Wis., by May Lewis, M. D.

At smashing heads, and winning hearts, the Irish are so neat,
They make them big policemen, and put them on the street;
When Uncle Sam wants men for stars, he knows a thing or two,
So—over in America, the Irish wear the blue.

Saints and martyrs, heroes too 'mongst Ireland's sons abound;
Soldiers and statesmen, poets, 'til the like has ne'er been found;
They stand with shackled hands and feet 'neath Ireland's sun and dew,
But—over in America, the Irish wear the blue.

Old Scotland has her Bobbie Burns, a bard of some renown,
And England has Bill Shakespeare the one from Avon town;
But Ireland has her famous Moore with songs of love so true,
And—over in America, the Irish wear the blue.

The bluebells and the heather bloom are found on Scottish moor,
But the shamrock of old Ireland is picked on every shore;
And where it grows 'neath stripes and stars that wave for me and you—
Yes—over in America, the Irish wear the blue.

Where Washingtons and Lincolns can rise to make men free;
Where eagles scream on high for peace from east to western sea;
Where Freedom crowns her bravest sons with laurel or with yew—
There—over in America, the Irish wear the blue.

With Wellington at Waterloo—on Khartoum's lurid plain;
With Sherman marching to the sea—with Lee's brave thousands slain;
Where e'er true hearts are needed, an Irishman's in view,
So—over in America, the Irish wear the blue.

And sure a branch from Ireland was transplanted o'er the sea,
Or how could they have Oyama, "the Irish Japanese?"
King Edward wears a robe of gold, but kings are only few,
While—over in America, the Irish wear the blue.

ON WATER. Water is only another name for the POWER TO EX-TORT TRIBUTE by earning dividends on stocks and bonds that represent not a single penny of property or investment.

In a SINGLE YEAR, then, the steel trust has taken to itself through law and monopoly in UNEARNED PROFITS the ENORMOUS SUM of \$80,000,000.

This money is STOLEN from the consumers under cover of the law. It represents greater tribute than was ever levied by the bloodiest and greediest despot in the world's history. This is only one of many trusts.

And the people are helpless. Their laws, which are not enforced, do not protect them.

Of all the forces that are making for socialism today; that are pushing socialism to the fore as a great issue that will yet have to be fought out on American soil, what single force is more potent than the steel trust?

Yet the American people, instead of attacking that trust; instead of seeking its overthrow; instead of fighting to wrest themselves from its robber hands and restore free competition once more, are actually MAINTAINING, AT ENORMOUS EXPENSE, A PROTECTIVE TARIFF TO FOSTER AND STRENGTHEN IT!

Is it strange that observing, thinking men, horrified over the grinding poverty and misery that is the inevitable "by-product" of the steel trust and a hundred others like it, disgusted and depressed over the apparent inability or unwillingness of society to crush these monsters, are turning to socialism, for a remedy?—Omaha World Herald.

JUST LIFE

Some Day, Dearie.

Some day, dearie, there will be
A shady place, somewhere,—
And peace will come to you and me,
When we are done with care;
The heartaches that we know today,
The quiet tears that course their way—
The hand of Time will brush away,
These sorrows that we share.

Some day, dearie, there will be
A quiet, grass-grown spot,
Where none may know, where none
may see,
And we won't mind our lot;
The quivering lips that dare not say
"I love you," in the same old way
Will cease to tremble, dear, some
day.—
And all will be forgot.

Now, all together boys, forget
your grievances and smile. Boost the
team and make 'er win.

Mob After an Innocent Nan

Lemars, Ia., June 11.—Ebenzer Davis, the negro "wild man" with Campbell Bros.' circus, confessed that he raped Miss Josephine Williams, for which crime another negro narrowly escaped lynching last Thursday night. Davis was with the circus at Luverne, Minn., and was brought back from there by Sheriff Arnold. He was confronted by Miss Williams in the county jail, and she positively identified him. The negro then broke down and confessed all.

Miss Williams was assaulted by a strange negro Thursday night while the circus was in town. Miss Williams later identified another negro as her assailant, and he narrowly escaped lynching at the hands of a mob, but was rescued by the sheriff.

The call of the best dressers for **BLUE SERGE SUITS** this season has demonstrated this fact clearly. Two or three years ago the call was for the then popular Scotch Plaids and checks. Then brown had its day, followed last season and this, by the grays of many shades and patterns. But every day is the day of the **BLUE SERGE**. Many clothiers were not foresighted enough to realize this and stocked up with other colors. Now the call has come, they're minus the one colors most desirable.

We took time by the forelock and bought a complete line of Blue Serges in all sizes. Our stock is so complete and the stock so extensive that every taste and size of man will be satisfied to the full.

Three Off Dates.
No games will be played in the Wisconsin league today, Tuesday and Wednesday.

Thursday's Schedule.
Freeport at La Crosse.
Green Bay at Oshkosh.
Eau Claire at Wausau.

Yesterday one of the largest crowds which has attended a ball game in La Crosse for several weeks witnessed one of the fastest and best games of baseball ever played here. La Crosse defeated Wausau in a clean-cut fair way to the tune of 5 to 0 and the Wausau boys are as enthusiastic in their praise of the work of La Crosse as the home team's strongest admirers.

The work of pitcher Schneiberg was the feature, and his steadiness and headwork in the seventh coupled with a star catch by Medwitsky when the bases were full with no men out prevented Wausau scoring. Bond made a wonderful double play, early in the game.

Lang, the Wausau pitcher, played

a star game but his game did not equal that of Schneiberg. In the eighth inning the left fielder for Wausau failed to catch a ball when the bases were full of La Crosse runners and three scores were made. The play was almost identically the same as that in the seventh when Medwitsky saved the score by catching the ball.

No more enthusiastic support was ever given a team than what La Crosse received from the grand stand yesterday. The crowd merely went wild. Wausau was cheered just as lustily when a good play was made. Score:

R.H.E.

La Crosse	00200003	551
Wausau	0000000000	071

Batteries: Schneiberg and Killian; Lang and Karnell.

Freeport 3, Eau Claire 2.
FREEPORT, Ill., June 11.—The taking of the entire series from Eau Claire by Freeport was completed yesterday, the Wisconsin men, however, playing a sensational game. Score:

R.H.E.

Eau Claire	000200000	283

Batteries: Owsley and Erickson; Mohr, Buckwalter and Baientus.

Freeport 2, Eau Claire 1.
FREEPORT, Ill., June 11.—It looked bad for Freeport Saturday, but in the last half of the ninth an error by Baker brought in, in and a drive in the field by Moriarty was responsible for another run. Score:

R.H.E.

Freeport	000000000	281
Eau Claire	000000001	122

Batteries: Evans and Erickson; Eberly and Assmussen.

Oshkosh 6, Green Bay 3.
OSHKOSH, Wis., June 11.—By bunching hits in the eighth inning Saturday Oshkosh won the game. Score:

Oshkosh	00200004	683
Green Bay	110000010	312

Batteries: Botsford and Moore; Aiken, Oram and Tennant.

CONSIDER LEGISLATION FOR PACKERS
(Scripps-McRae Dispatch.)
WASHINGTON, June 11.—The committee on agriculture in executive session this morning consider packing legislation.

CHIROPRACTORS TO GO FREE

G. W. Johnson and E. J. Whipple, chiropractors, who left the city just prior to the trial of the latter for practicing medicine without a state license, were arrested in Winona and brought here Saturday night.

It was announced yesterday that Johnson would plead guilty, and that both the young men would serve sentences, but it was stated today that, through their attorneys, Raymond & Raymond, they had found means to settle with cash fines, and that they would be at liberty either tonight or tomorrow. The offense with which they were charged is a technical one, and casts no reflection upon them. The suit ruined a lucrative practice. Both have many friends in La Crosse.

The action against them was started against them by Dr. A. U. Jorris, osteopath, who claimed that chiropractors were merely osteopaths.

Whipple and Johnson contend that they could have won the fight, but that they did not have funds sufficient to fight the case.

FUNERAL OF REV. ALLEN TOMORROW

The funeral of Rev. Thomas K. Allen, aged 87 who passed away last week will be held tomorrow at 10:30 a. m. at Christ church. Interment will be made in Woodland cemetery at Winona, Minn. Friends can view the remains at the home, 220 north Sixth street from 9 to 10 o'clock.

ARE OUT FOR A GOOD OLD TIME

If you enjoy a good social evening do not fail to attend the dance and supper given by the ladies of Mayflower Camp at Woodmen hall tomorrow evening, Tuesday, June 12. Good music. Admission 25c a couple, ladies 15c.

Alerts Lose to Galesville

A pleasant surprise when the Alerts crossed bats with them at Galesville and played the best game ever played at that place. It was very hard for them to find the ball tossed by Schultz who struck out two would-be professionals. Beckwith, manager of the Green Bay team last year, and Besser, an old player in the league. The score was 3 to 2 in favor of Galesville.

TEACHERS TO INVADE NEW HIGH SCHOOL

It is announced the next convention of the La Crosse county teachers' association to be held in La Crosse will convene in the new high school building. The date will not be announced until the building is about completed.

FREE-FOR-ALL FIGHT IN COURT

A free-for-all row, in which there were seven participants and which ended in a bad beating administered by six of them to Henry Becker, will be aired in county court tomorrow. The fight occurred at Schiama's saloon, east of the city. Becker claims the assailants were abusing his brother and that for interfering to protect him he was assaulted in a most brutal manner.

The defendants are Charles, William and Henry Jungen, John Kemp, John Kreback and William Wunch.

Engineer Rollison caught a runaway last evening at the corner of Rose and St. Cloud streets. The animal was one of Duncan's livery horses and had started from in front of the Wheeler confectionery store. It was stopped in front of George Baum's meat market and no damage was done.

A Few Words About our Credit System

IT IS the pet idea of some cash stores to tell customers that they always save money on an article, by paying down the full price at the time of purchase. Perhaps they told the truth twenty years ago, but times have changed.

The Credit Furniture Business

is a product of the last twenty years. It came into existence because the needs of the people demanded it.

Woodward actually sells furniture for less than the prices charged by cash houses, and gives you ample time to pay for same.

WE DON'T ASK YOU TO PAY CASH

Really we **PREFER** to sell you on credit, because we know that by selling you on credit, we can furnish you with stylish and up-to-date Furniture at all times. If you wait until you have the full amount of cash required, you may deprive yourself of much that is essential to the good appearance of your home and happiness of your family.

We Believe in You, and all persons on salary, and welcome you to avail yourself of our dignified Credit System of \$1.00 Per Week.

Come Up Where You Belong.

Perhaps you know why you fail in the plans for money, fame and position.

Some Don't.

Just why the brain does not produce practical money making results is a puzzle to many men.

Strong, healthy, natural brains can be made from food and good brains can work keenly when they have their proper food.

Unsuccessful brains often come from improperly selected food.

A distinct improvement in mental power will follow in a week or ten days, when the brain-building food.

is used twice a day.

There are well established and very clearly understood reasons for these sure results from the change in food. You can make Money, Position, Fame if you have the kind of Brain that works that way.

MARVELOUS NEW CHRISTIAN SCIENCE CHURCH, BOSTON

The accompanying picture is the handsome new "Mother" church which was dedicated yesterday in Boston by the Christian Scientists. The edifice cost over \$2,000,000 and is one of the finest churches in the world. The larger portion with the dome is the new addition and the section with the spire to the right is the original church which, in itself, was one of the handsomest in Boston. Mrs. C. E. Bennett, and son Le Roy Bennet of La Crosse attended the dedication.

WARLIKE EPIDEMIC IN LA CROSSE

Is combativeness contagious? The police don't know, but if it is not they don't know why there have been more fights in La Crosse during the past ten days than during twice ten weeks next prior.

Sane, intelligent and modest young men, many of whom have never been parties to a physical encounter, have been "mixing it" with an enthusiasm that indicates an epidemic of "bouts."

In each of a dozen fights between prominent young people, the public have refrained from arrest and with-

held the names, simply because the parties to the encounter are people of good character to whom brawls are unaccustomed things.

The warlike situation is said to have been a development of troubles engendered in Freeport as the result of rowdiness there, and brought to this city by parties who were in that city during the strenuous baseball battles, and who as Freeport sympathizers carried chips on their shoulders. "Bluffs," fisticuffs and hired thuggery have figured in the local sensations.

Epoch of Scandal-Mongering.
"We have fallen into a scandal-mongering epoch. The foul harpies of slander have created a condition and all of the civilized world is nauseated at the thought of us. It has cost tens of millions of money and the respect of mankind. It will and should cost our self-respect if we do not burn out with the canister of a hot indignation this sore of slander. The scandal-monger who drags the people through slaughter houses to exhibit in loathsome forms the food of their tables by exaggerations and Munchausen stories of things that always must be offensive at best, are mistaken agitators and especially dangerous to us as a people at this time.

the executive; when appeals to popular passion are made to force them to action to which their sound judgment and honest convictions are opposed, the government by the people and for the people becomes a misnomer and a deception. In that hour we are a monarchy without the name.

Danger Threatens the Government.
"It is to be hoped that we are not so dazed and daft by an office that has grown great with our greatness that it may be permitted to set aside courts, senators and congresses. Recently pressure was brought by a message the purpose of which the senators instantly understood, and which evidently was intended to appeal to long prepared prejudices of the people. Is this the method of legislation to which this great nation has descended? Is this now the best way to make our laws? The people should awaken to the danger that threatens representative government.

An ordinance to amend an ordinance entitled "An Ordinance to Establish Regulations for Protection Against the Dangers of Fire."

The Common Council of the City of La Crosse do ordain:

Sec. 1. Sec. 15 of Ordinance No. 35 of the City of La Crosse is hereby amended so as to read as follows: "All that part of the City of La Crosse embraced within the following limits shall hereafter be known as the fire limits, to-wit: Commencing on the East bank of the La Crosse River at its junction with the Mississippi River; thence running East along the East bank of the La Crosse River to Sixth Street; thence Southerly on Sixth Street to Vine Street; thence East on Vine Street to Seventh Street; thence South on Seventh Street to Division Street; thence West on Division Street to Fourth Street; thence South on Fourth Street to the center of the main channel of the Mississippi River; thence North along the central line of the main channel of the Mississippi River, being the Western boundary of the city of La Crosse, to the place of beginning."

Sec. 2. Said Ordinance Number 35 is hereby further amended by adding thereto a new section to be known as Sec. 44 of said Ordinance No. 35 to read as follows: "No person shall build, anchor, keep or maintain and use for dwelling or dwelling house purposes, any boat-house built partly or wholly of wood; or build, anchor, keep or maintain any such boat-house, house-boat, shanty or other structure built partly or wholly of wood and used as a dwelling or dwelling house other than boats and vessels duly registered under the statutes of the United States, on the Mississippi River in the City of La Crosse and within One Hundred (100) feet of the Easterly water line or shore of said River between the mouth of the Black River and the intersection of Division Street with said River, unless such house or structure shall have a metallic roof and all parts of the outside of said building out of water shall be covered with sheet-iron or other fire proof metallic material, provided, that nothing herein contained shall prevent anyone navigating the Mississippi River with any such house-boat, boat-house or other structure from anchoring or having the same, with or without fire built, maintained, or burning therein, on said River within said limits for not exceeding Three (3) hours in any period of Twenty-four (24) hours."

Sec. 3. Said Ordinance Number 35 is hereby further amended by adding thereto a new section to be known as Section No. 45 of said ordinance No. 35, to read as follows: "Any person building, anchoring, keeping or maintaining or using any house-boat, boat-house or other structure or building used for dwelling or dwelling house purposes on the Mississippi River contrary to the provisions of Section 21 of Ordinance No. 35 hereby enacted, and any person in any other way violating the provisions of said Section 21 of Ordinance No. 35 shall be punished by a fine of not less than Five Dollars (\$5.00) and not more than One Hundred Dollars (\$100.00), and when any person has, keeps, maintains or uses any such boat-house, house-boat or other structure contrary to the provisions of said Section 21 continuously for a period longer than Twenty-four (24) hours he shall be deemed to have committed a separate offense for every successive period of Twenty-four (24) hours, the first period of Twenty-four (24) hours to begin at the time of the beginning of such violation of this ordinance, during or within which he shall so keep, maintain or use such house-boat, boat-house or other structure used for dwelling or dwelling house purposes and each and every such separate offense shall be punished by a like fine of not less than Five Dollars (\$5.00) and not more than One Hundred Dollars (\$100.00)."

ORDINANCE NO. 454.

An ordinance providing for the issue of bonds for the purpose of the erection, construction and completion of a school building in the city of La Crosse.

The common council of the city of La Crosse do ordain:

Section 1. For the purpose of providing funds for the erection, construction and completion of a school building there are hereby ordered to be issued the negotiable coupon bonds of said city of La Crosse in the sum of \$20,000, consisting of twenty bonds of \$1,000 each, numbered from one to twenty, both inclusive.

Section 2. The said bonds shall be styled school bonds, shall be dated July 1, 1906, bear interest at the rate of four per cent per annum, payable semi-annually on the first days of July and January in each year upon the presentation and surrender of interest coupons which shall be annexed to said bonds, both principal and interest thereof to be payable at the office of the treasurer of said city of La Crosse. Said bonds shall mature on the first day of July, 1926, but shall be redeemable at the option of said city on July 1st, 1916, or on any interest paying date thereafter. The said bonds shall show on their face the amount of the indebtedness of said city, the amount of the assessment of the taxable property therein for each of the five years next preceding their issue and the average amount thereof.

Section 3. Said bonds shall be signed by the mayor and attested by the city clerk and the seal of said city shall be affixed thereto, and the coupons thereto attached shall be signed with the lithographed signature of said mayor and clerk. Said bonds shall be in substantially the following form:

UNITED STATES OF AMERICA,
STATE OF WISCONSIN,
COUNTY OF LA CROSSE.

No. — \$1,000

CITY OF LA CROSSE, SCHOOL BOND.

Know all men by these presents:

That the city of La Crosse, in the county of La Crosse, and state of Wisconsin, acknowledges itself to owe, and, for value received, hereby promises to pay to the bearer on the first day of July, A. D. 1926, the principal sum of one thousand dollars together with interest on said sum from the date hereof until paid at the rate of four per cent per annum, payable semi-annually on the first days of January and July in each year, in accordance with and upon presentation and surrender of the interest coupons hereto attached as they severally become due; both principal and interest hereof are payable in lawful money of the United States of America at the office of the treasurer of said city.

Said city of La Crosse reserves the right to pay and redeem this bond on July 1st, 1916, or on the date of any subsequent interest payment. And for the prompt payment of this bond, with interest as aforesaid, at maturity, the full faith, credit and resources of said city are hereby irrevocably pledged.

This bond is issued by said city for the purpose of the erection, construction and completion of a school building in accordance with the provisions of an ordinance duly passed by its common council, and in all respects in full compliance with the provisions of the laws of the state of Wisconsin in such cases made and provided and in particular sections 926-11 and 943 of the Wisconsin statutes of 1898, together with all acts amendatory thereof or supplemental thereto.

Section 4. For the purpose of providing for the payment of the principal and interest of the said bonds due, as and when the same become due, there shall be and there hereby is levied upon all the taxable property within said city of La Crosse, in addition to all other taxes, a direct annual tax for each of the years 1906 to 1926, both inclusive, sufficient to produce the sum of \$800.00 for interest and the further sum of \$1,000 for a sinking fund for the payment of the principal, such annual tax to be spread and collected with the regular city taxes of the same year; the officers authorized to extend the taxes upon the tax roll of said city shall in each of said years calculate the rate necessary to produce the aforesaid sums and shall extend the aforesaid taxes upon the property tax roll so that the same may be collected at the same time and in the same manner as other annual taxes of said city and when so collected the same shall be kept as a separate fund irrevocably pledged to the prompt and punctual payment of the principal and interest of the said bonds when and as the same mature, and shall be used for no other purpose whatever.

ORDINANCE NO. 458.

An ordinance providing for the issue of bonds for the purpose of the erection, construction and completion of a school building in the city of La Crosse.

The common council of the city of La Crosse do ordain:

Section 1. For the purpose of providing funds for the erection, construction and completion of a school building there are hereby ordered to be issued the negotiable coupon bonds of said city of La Crosse in the sum of \$20,000, consisting of twenty bonds of \$1,000 each, numbered from one to twenty, both inclusive.

Section 2. The said bonds shall be styled school bonds, shall be dated July 1, 1906, bear interest at the rate of four per cent per annum, payable semi-annually on the first days of July and January in each year upon the presentation and surrender of interest coupons which shall be annexed to said bonds, both principal and interest thereof to be payable at the office of the treasurer of said city of La Crosse. Said bonds shall mature on the first day of July, 1926, but shall be redeemable at the option of said city on July 1st, 1916, or on any interest paying date thereafter. The said bonds shall show on their face the amount of the indebtedness of said city, the amount of the assessment of the taxable property therein for each of the five years next preceding their issue and the average amount thereof.

Section 3. Said bonds shall be signed by the mayor and attested by the city clerk and the seal of said city shall be affixed thereto, and the coupons thereto attached shall be signed with the lithographed signature of said mayor and clerk. Said bonds shall be in substantially the following form:

UNITED STATES OF AMERICA,
STATE OF WISCONSIN,
COUNTY OF LA CROSSE.

No. — \$1,000

THE JUNIOR PROM

At Germania Hall June 22,
Will be a Great
Success

Great preparations are being made by the junior class of the high school to make the coming annual ball the greatest in the history of the school.

The class has the hearty co-operation and endorsement of the entire high school faculty and board of education who are doing all in their power to make this year's ball the social event of the season.

The ball will be held in the Germania hall, June 22d, immediately after the commencement exercises. While the hall is being cleared of chairs a reception will be given in the gymnasium of the building, thus affording everyone the opportunity of meeting visitors and graduates and their friends.

The decorations will be more elaborate than ever and a very pleasant evening is looked forward to by all students and friends of the high school.

PEERLESS LEADER ENDORSED AT OSHKOSH

OSHKOSH, June 11.—The democratic county committee decided to send twenty-five delegates to the platform convention at Milwaukee, June 23. The majority of the committee were opposed to the convention idea before the meeting was called. State Chairman H. H. Maunson's address, however, pointed out the reason for holding the convention and the sentiment was reversed. County Chairman Harrington will appoint the delegates within a few days. The name of William Jennings Bryan was received with applause, and it was the wish of those present that the convention in Milwaukee endorse him for the presidential nomination.

WINONA DEFEATS W. B. U. TEAM

Winona has the first honor of defeating the fast W. B. U. team from La Crosse. In a game that was marked by several costly errors on the part of the La Crosse boys the Winona team worsted the W. B. U. Athletes by a score of 10 to 6. The Business University team was in the game from start to finish and had their opponents beaten up to the eighth inning when the score was 6 to 1 in favor of the W. B. U. team. Then Wambaugh, the pitcher for the La Crosse team, seemed to have gone up in a balloon ascension, three hits were made off him which filled the bases. Then Kohn was put into the box but it was too late for when the run getting ceased that night the Winona boys had garnered in five runs. This tied the score 6 to 6. In the first half of the eighth inning the La Crosse boys were unable to gain a lead as the side was retired. In the last half of the same inning Winona scored four more runs making the score 10 to 6 in favor of Winona. The Winona team played a fast and consistent game throughout, while the W. B. U. boys played ragged at times. The score by inning:
Winona... 0 0 0 1 0 0 5 4 *—10
La Crosse... 0 1 0 0 2 3 0 0—6
Batteries: Sielof, Kenson; Wambaugh, Kohn, F. Johnson.

The Silver Stars defeated Hoff's Colts on the Hogan school grounds by a score of 19 to 6. The batteries: Silver Stars, A. Mitchell, M. Roubik; Hoff's Colts, Fanke and J. Henry, P. Novak.

BIJOU WINS ANOTHER GAME

fifth victory and no defeat, and Manager Schuberg is on the lookout for any team that think they can beat his bunch. Both teams played ball all the time and gave the undefeated actor folks the hardest game so far. The Bijou infield could not be penetrated at any time and the way the boys from the Third street amusement resort clouted the ball was a caution. Wolford for the Bijou held the mill boys safe all the time and at no stage of the game did they look dangerous. Graef as usual played a star game behind the bat, the batting of Spears and Hunt was a feature; both men made a circuit of the bases each time up and just to show them he could do it Spears made a home run the last time up. Wolford struck out 14 men. Score: R.H.E.
Bijou... 0 2 0 3 0 4 1 0 1—11 14 0
Rub. Mills... 0 0 0 0 0 0 2 0 0—2 3 1
Batteries: Wolford and Graef, Peers and Herman.
Umpire, Thompson.

IT IS WORK TO BUY BEER ON SUNDAY

APPLETON, Wis., June 11.—The Rev. A. H. Zechiel, representative of Wisconsin Anti-Saloon league, was found guilty of violating the Sunday law because he purchased beer on the Sabbath to use as evidence against the saloonmen.

The case was continued until this afternoon, when the court will impose a fine. Mr. Zechiel was released on \$300 bonds furnished by Alderman Frank Harwood, superintendent of the Congregational Sunday school.

The jury was out a half hour. It is understood the first vote was five to one for conviction. The case will be appealed. It is thought the anti-saloon element is perfectly willing to have the decision remain as it now is after the case is carried to the higher court, as it will then give them sufficient ammunition to carry out the Sunday closing crusade throughout Wisconsin.

BOY'S HEROISM IS RECOGNIZED BY GOVERNMENT

APPLETON, Wis., June 11.—August Mollen, a 14-year-old Little Chute lad, has been presented with a congressional medal by United States Marshal Thomas B. Reid in behalf of Maj. W. V. Judson of Milwaukee. On July 19, 1905, young Mollen saw a playmate drowning in the canal near Little Chute, and went to his aid until a boat from the government tug Fox picked them up. Maj. Judson witnessed the deed from the Fox, and recommended to the authorities in Washington that the boy be decorated.
